Attn: Clerks Office

I'm Requesting an Extension of time to comply with SC Public Service Commission for Taxi class C. My deadline is October 26th

It's been taking my Insurance Broker a lot of Research and Time to find a carrier that is Lowest Cost to US. She also stated a lot of Insurance companies that use to cover taxi industry has Left SC so it's a lot harder to get Affordable Rates for a Taxi. My insurance broker is very experienced, below is their company information if you wanted to confirm of the issues we had. Please Grant this request for another 30 days if possible. I will try to get it done in next 2 weeks, I still need to make appointment for vehicle inspection with James McAlister and to purchase
